
Applications Open April 2016

Our Vision

We aim to substantially increase the number of well-educated Nigerians assuming positions of leadership in Nigeria and globally. To achieve this goal, we are addressing the skill gaps in key sectors of the economy by providing talented Nigerian students with a broad range of programs. These programs range from critical on-the-job training to hands-on-learning skills required in the employment process and overall career development.

With the help of our partner firms, we are providing world-class training to our Scholars to enable them compete effectively in the job market.

Our Scholars

NHEF Scholars represent a select cohort of students from each of our Partner Universities. They have demonstrated strong academic excellence and well-roundedness in both professional and extracurricular pursuits. We expect our Scholars to be fully devoted to Community Service, Philanthropy as well as making a lasting impact in society. Through this program, they will become successful future employees with an understanding of the roles and responsibilities attached to their industry of choice.

Partner Universities

Ahmadu Bello
University (ABU)

Bayero University, Kano
(BUK)

University of Ibadan (UI)

University of Nigeria
Nsukka (UNN)

University of Port Harcourt
