

## ABSTRACT

Abstracts should give information specific to your article in no more than 250 words. Abstracts should be clear and concise with:

- an introduction of one or two sentences stating the research aims and educational context.
- an explanation of how data were gathered (for empirical reports)
- a summary of the outcomes and any relevant information to give potential readers an indication of their strength.
- concise conclusion and implications in two or three sentences. What new insights does this research provide? What is its unique and significant contribution to the field? How is it relevant for a diverse audience?

## PAPER PRESENTATION

The paper should be typed on A4 size paper and double spaced using Times New Roman font size 12. It must not be more than 12 pages including references. References must comply with American Psychological Association (APA) 6<sup>th</sup> Edition Format. At least 20 clean hard copies and a soft copy of each paper should be submitted at the point of registration.

## IMPORTANT DATES:
