

Prof. Charles Arizechukwu Igwe
Vice-Chancellor
University of Nigeria

Subject: E-JUST TICAD 7 African Scholarships for STI Fall 2021

Dear Prof. Charles Arizechukwu Igwe

On behalf of Egypt-Japan University of Science and Technology - E-JUST, it is our pleasure to invite your students to apply for our Postgraduate International Admission and TICAD7 Scholarships (M.Sc. only) for African Students for fall 2021

E-JUST is a research university with the ambition to cultivate an academic environment and become a benchmark for the Egyptian and African countries in education. It was first established as a bilateral agreement project between the Egyptian and Japanese governments.

The Japan International Cooperation Agency (JICA) supports E-JUST by sending their administrative experts for assisting and guiding in the technical and management system of the university, as well as sending academic experts to support in teaching, conduct joint research and co-supervising the graduate students.

E-JUST TICAD 7 African Scholarships for STI Fall 2021 is a joint collaboration between the Egyptian and Japanese governments that was established during the 2019 Tokyo International Conference on Africa's Development (TICAD7). It is a fully funded scholarship that covers the following areas; Tuition fees, Flight Tickets, Accommodation, Medical Insurance and Monthly Stipend.

Attached to this mail the flyer describing the details for the M.Sc. program of fall 2021 (2 years + half a year of preparatory courses).

Looking forward to discussing future collaboration in science and technology.

Yours sincerely,

Prof. Masaaki SUZUKI
First Vice President
For Regional and International Affairs
Egypt-Japan University of Science and Technology

E-JUST TICAD7

African Scholarship for STI

150 Opportunity within 3 years.

Egypt-Japan University of Science and Technology (E-JUST) invites applicants from African Countries to apply for **M.Sc. Scholarships for fall 2021 enrolment.**

Scholarship Covers:

- Tuition Fees
- Flight Tickets
- Accommodation
- Medical Insurance
- Monthly Stipend

Applicable Programs for this scholarship

Faculty of Engineering

- Electronics and Communications Engineering
- Computer Science Engineering
- Materials Science and Engineering
- Chemical and Petrochemical Engineering
- Industrial Engineering and Systems Management
- Electrical Power Engineering
- Mechatronics and Robotics Engineering
- Energy Resources Engineering
- Environmental Engineering

Institute of Basic and Applied Science

- Nanoscience
- Applied and Computational Mathematics
- Energy Materials
- Biotechnology
- Space Environment

Students Voice

EJUST was a home away from home. A melting pot of diverse cultures and experiences. My two years as an MSc student developed and refined my research skills and widened my academic and social networks. The supportive staff, and research environment made my stay as a foreigner a pleasant one and I have ties with the university which still stand today. I am proudly a product of EJUST.

Kudakwashe Nyamuchiwa,
Zimbabwe,
MSc. Materials Science and Engineering.

The phenomenal research activity going on at E-JUST, which attracts a high caliber of academic staff from both Egypt and Japan is exceptional to none in the region. A master's degree in Mechatronics and Robotics Engineering from E-JUST exposed me to the recent research trends in this ever expanding field. What I find utterly amazing is the project based learning approach in which the courses are taken.

Oladayo Solomon, AJANI,
Nigeria,
MSc. Mechatronics and Robotics Engineering.
