Date: January 23, 2024

TO: PROSPECTIVE CORPS MEMBERS

SUBJECT: BATCH "A" 2024 STREAM I NYSC MOBILIZATION

The National Youth Service Corps is in the process of mobilizing Prospective Corps Members for its 2024 Batch "A" (Stream I) exercise. Towards this end the University of Nigeria will soon upload its recently approved Senate list and some outstanding graduands to the NYSC portal.

All candidates except students from Faculties of Pharmacy, Medicine and Dental Surgery whose names are on the newly Approved Senate List should cross-check the list attached to this memorandum for errors in Names, Date of Graduation and other Particulars. More so all outstanding candidates who have issues with their Jamb Registration numbers and were unable to register during previous batches are required to forward their details attaching their Statement of Result and Jamb Admission Letter to Careers & Students' Services Unit, Office of the Registrar or to the email address stated below. Those that have done this before should also cross-check the attached list for errors in Names, Date of Graduation and other Particulars.

Please note that any discrepancy in your details after upload to NYSC portal whether on your Statement of Result, Names or Date of graduation, will not allow you to be registered in NYSC Orientation Camp. You are specifically advised to cross-check your particulars very carefully.

More so, from this 2024 Batch "A" Service year, NYSC has made it mandatory that the National Identification Number (NIN) will be a requirement for online registration by Prospective Corps Members.

All errors, omissions or otherwise must be reported to the Careers & Students' Services Unit for immediate correction before the list is finally uploaded to the NYSC Portal.

Any error may also be sent to the following email careers.registry@unn.edu.ng for the attention of the Deputy Registrar not later than Friday, January 26, 2024.

Thank you

Mr. Leonard Ezeme
